AREA CONDITIONS Properties are affected by existing and proposed conditions and services in the area surrounding the property. Buyer is aware that properties near airports, highways, industrial developments, farms, etc. may be affected by noise or odors. Buyer is aware that major public works projects such as sewer construction or water treatment facility development have been reported in the media and may increase future real estate taxes and/or sewer use fees. Buyer acknowledges that if material to Buyer's decision to purchase Buyer has reviewed Seller's and firms' representations regarding known conditions and has become familiar with the area surrounding the Property and has investigated future proposed developments, consulted with local municipal officials, including the assessor's office as needed and is satisfied with current and proposed area conditions.

INSPECTIONS, TESTS, APPRAISALS, AND OPINIONS Real estate agents may furnish a list of independent inspectors/testers to the Parties. Unless provided in writing, no representations have been made as to the competency of the inspectors/testers. The Party designated as responsible for obtaining an inspection/test shall be solely responsible for determining the qualifications of the inspector/tester. In the event any inspection or test is ordered on behalf of the Parties by a firm in the transaction, the Parties agree to hold the firm harmless for any damages or liability resulting from the inspection or test, other than that caused by the firms' negligence or intentional wrongdoing. Buyer may receive copies of certain inspection, test, appraisal or other reports prepared for other persons. Buyer should carefully review these reports to determine the age of the report, the purpose for which they were prepared, and the standards of practice followed by the individual preparing the report. It is recommended that Buyer have the Property inspected by a professional inspector or other qualified independent inspector.

PROPERTY CONDITIONS | Parties are aware that news media and other public information sources indicate that asbestos, mold, lead-based paint, lead in 102 drinking water, radium, radon gas and other toxic substances and chemicals within a structure or in soils or water supplies can cause serious health hazards. 103 104 Unless otherwise disclosed in writing, Seller represents that to the best of Seller's knowledge the Property does not contain asbestos, lead-based paint, or 105 unhealthy concentrations of mold, radon gas, lead, radium or other toxic or harmful substances or chemicals. A number of communities report that elevated levels 106 of radium may be present in the municipal water supply. Buyer agrees to obtain expert independent third party inspections and tests to determine if any material property conditions/defects exist on the Property. Buyer must include contingencies in this Offer for any inspections or tests which Buyer shall have performed. 107 108 Past flooding, water leakage or excessive dampness may result in excessive mold growth which may present health risks. If there is any information or evidence 109 of excessive moisture in the Property, Buyer is encouraged to consult with the appropriate mold experts and to inspect and test the Property for unsafe mold 110 levels. Buyer acknowledges that Buyer has made such independent inquiries as Buyer deemed necessary concerning any factors material to the Property or the 111 transaction. Buyer acknowledges that in purchasing this Property the Buyer has relied on Buyer's independent inspection and analysis of the Property and upon 112 the statements, disclosures and representations contained in this Offer, in any Seller's disclosure report, and in any other written statements provided to Buyer. 113 Buyer further acknowledges that neither Seller nor any real estate agents involved in this transaction have made any representations concerning the Property or 114 the transaction other than those stated in this Offer, incorporated into this Offer by reference, or otherwise provided to the Buyer in writing, nor has any real estate 115 agent made any statement purporting to be based on personal knowledge unless the same is specifically set forth in this Offer, incorporated into this Offer by 116 reference, or otherwise provided to the Buyer in writing. Buyer agrees that Buyer has not requested Seller nor has any real estate agent offered to verify the accuracy of any of Seller's or other third party's statements, disclosures and representations contained in this Offer unless the request is specifically set forth in 117

119 UNDERGROUND STORAGE TANKS AND BASEMENT FUEL OIL TANKS If Seller has notice or knowledge of an underground storage tank or basement or above ground fuel tank on the Property, or if one is discovered prior to closing, Seller shall, prior to closing, deliver to Buyer written confirmation that the tank, related components and procedures relating to upgrading and/or closure are in full compliance with all federal, state and local regulations. Seller's written confirmation shall include a copy of any applicable contractor's closure report and any required Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP) registration. It is Buyer's sole responsibility to re-register in his or her name any underground storage tanks remaining in use upon the Property after close of sale and to comply with applicable DATCP and Wisconsin Administrative Code requirements (For more visit datcp.wi.gov/consumer).

118 this Offer.

126 **SURVEY** Unless a current survey has been provided to Buyer, the location and size of easements, improvements, lot lines and possible encroachments have not

127 been verified and firm recommends that Buyer investigate these items by obtaining a current survey.

128 **INFORMATION ON PROMOTIONAL MATERIALS** Buyer understands that the information which is contained in the Multiple Listing Service Data sheets and additional promotional materials is obtained from a number of different sources and which **has not been** independently verified or confirmed by the various real estate firms and agents who have been and are involved in this transaction. **If any particular measurement or data element is important or material to Buyer,**131 **Buyer assumes all responsibility and liability to research, verify and confirm said data element and measurement.** Further, Buyer affirmatively represents and confirms that as to any particular measurement or data element which was or is important or material to Buyer as an inducement for the purchase by Buyer,
133 Buyer has independently confirmed and/or verified the accuracy of said particular measurement or data element.

ZONING AND BUILDING RESTRICTIONS. COMPREHENSIVE PLANS. NON-CONFORMING PROPERTY AND BUILDING PERMITS | Municipal zoning and 134 135 building restrictions affect the use of the Property, and comprehensive plans may affect the future use or value of the Property by influencing future development in 136 the municipality. Buyer is informed that many properties, including those in the shoreland area, are considered legal non-conforming properties which no longer 137 conform to current zoning due to changing building regulations, restrictions, and lot size requirements. This may affect Buyer's ability to build, rebuild, remodel, 138 replace, enlarge or use an existing structure (consider special hazard insurance if Property is considered legal non-conforming). Buyer is encouraged to take necessary steps to obtain an endorsement to or modification of Buyer's homeowner's insurance for protection. Firms and agents are neither required to investigate independently whether the required building permits have been obtained, zoning and building restrictions, comprehensive plans and non-conforming property 140 141 status nor to determine any financial consequence to Buyer for lack of required building permits or any zoning, building restrictions, comprehensive plans or non-142 conforming property status. If this Property is damaged or destroyed, the governing community may, in some cases, restrict or prohibit the reconstruction without a zoning or use variance. Buyer is advised to check with the applicable municipal authorities regarding existing zoning, shoreland zoning, and building restrictions, 143 possible comprehensive plans, and building permits, if these issues are material to Buyer's decision to purchase. Further, Buyer is informed that some 144 municipalities may have inaccurate and inconsistent documentation which may include, but is not limited to, pre-1976 properties in the City of West Allis. Buyer 145 assumes all responsibility and liability to research, verify and confirm any of this information.

SANITARY DISTRICT SEWER CONSTRUCTION Buyer is informed that the Property may be located within an established sanitary district. Buyer may be subject to taxes, special assessments or other charges for sewer planning or construction, user fees and related costs. Buyer is encouraged to contact officials of the sanitary district to inquire about such costs.

150 **FLOODPLAINS/WETLANDS** Buyer is aware that the floodplain and wetland maps referred to in the Offer lack detail, are difficult to interpret, and may not be accurate. Buyer is encouraged to personally examine such maps or consult with appropriate government officials to verify their accuracy or applicability, if such information is material to Buyer's decision to purchase.

ACTUAL RECEIPT DEFINITION "Actual Receipt" of a notice shall occur on the earlier of (1) at the time the notice is personally delivered to the Party (**NOTE:**Delivery may be made by either listing or selling firm); (2) at 5:00 p.m. on the day the Party signs for delivery of the notice by (a) certified mail, return receipt requested or by (b) commercial delivery service which receives the signature of Party on delivery; or (3) at any other time the Party acknowledges in writing that they have received the notice.

157 **INSURANCE PROVISIONS**

158 ■ Building Materials/Insurability: News Media and other public information indicate that certain building materials, such as synthetic stucco and wood composite exterior house siding, have been associated with moisture/mold related problems. The presence of these materials may affect the health of occupants, the life expectancy of the building and the insurability of the Property. The claims history of the Property and the condition of the Property may increase homeowner's 160 161 insurance premiums or make the Property uninsurable (other than the Wisconsin Insurance Plan). Seller agrees to provide representatives of Buyer's insurance company access to the Property for inspection purposes at reasonable times upon reasonable notice. Buyer's credit history, insurability rating, lifestyle (e.g. large 162 dogs), etc. may also increase Buyer's homeowner's insurance premiums or prevent the Buyer from obtaining homeowner's insurance (other than the Wisconsin 163 Insurance Plan). Buyer agrees to address these issues with an insurance expert and Buyer's lender and to apply for insurance coverage promptly to ensure that 164 165 insurance coverage is available at the time of closing. The Parties acknowledge that real estate licensees are not experts with respect to construction techniques, building materials or homeowner's insurance and the Parties agree to consult and rely on the opinions of appropriate experts.

167 Electric Service: Buyer and Seller are aware that if a property has tube or aluminum wiring or if a property's electrical service uses fuses or is less than 100 amps, lenders and homeowners insurance companies may require that the service be upgraded to no less than a 100 amp circuit breaker service and may require that any tube or aluminum wiring be replaced with wiring consistent with current code.

170 • Flood Insurance: Buyer is aware that Buyer's lender may require, or in the future will require Buyer to purchase flood insurance in connection with the purchase of this Property. The National Flood Insurance Program provides for the availability of flood insurance but also establishes flood insurance policy premiums based on the risk of flooding in the areas where properties are located. Those premiums are subject to change for reasons including but not limited to, law changes which may result in substantial amounts as compared with premiums previously charged for flood insurance for the Property. Buyer is encouraged to consult with one or more carriers of flood insurance for a better understanding of flood insurance coverage and costs. Buyer acknowledges that premiums are likely to be required to purchase such insurance and said premiums may increase in the future. Buyer is aware that premiums previously paid for flood insurance
